

## SERVICE AGREEMENT FOR THERAPY RIDING

Oak Hill farm offers therapeutic riding sessions starting the spring through the fall. We have 4 sessions each 4 weeks in length.

**Session fees are \$200 per session.** Session fees may be paid all up front for each session or in two installments, whichever is more convenient for the family. The first installment will be due on the first day of the session and the second installment will be due on the third week.

We will **NOT** offer make up lessons unless a medical emergency has arisen. All makes will be contingent on availability and by appointment only.

**Client Forms:** client forms will be turned in before the first week of a participating session on an annual basis. Forms must be turned in prior to conducting a lesson otherwise we will have to delay until the paper work is finalized.
